

Hyflex

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product form : Liquid

Product name : Hyflex

MSDS Code : CS76

1.2. Relevant identified uses of the substance or mixture and uses advised against

1.2.1. Relevant identified uses

Main use category : Professional use

Industrial/Professional use spec : For professional use only

Use of the substance/mixture : Designed for use on stone, concrete, terrazzo, lino, thermoplastic and wooden floors.
Produces a low gloss finish which is tough and durable without the need for solvent based seals

1.2.2. Uses advised against

This product is not recommended for any industrial, professional or consumer use other than the identified uses above.

1.3. Details of the supplier of the safety data sheet

ANACHEM 55 SCHOOL ROAD, BALLYMARTIN, KILKEEL, COUNTY DOWN, N. IRELAND, BT34 4UP, NORTHERN IRELAND
Tel: 028 437 67111 Fax: 028 437 68080 Email: leon.hanna@btconnect.com

1.4. Emergency telephone number

Emergency number : Mon to Fri 8.30am to 5.00pm - 028 437 67111

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Not regarded as a health hazard under current legislation

2.2. Label elements

No Legislation Available

2.3. Other hazards

This product contains no substances classified as PBT or vPvB.

SECTION 3: Composition/information on ingredients

| Fatty Alcohol Ethoxylate <2.5% | | Ammonia <2.5% | |
|----------------------------------|----------------------------------|---------------------------------|-----------------------------|
| CAS number: 68439-46-3 | EC number: Not Classified | CAS number: 1336-21-6 | EC number: 215-647-6 |
| R22; R41 | | R34; R50 | |

SECTION 4: First aid measures

4.1. Description of first aid measures

Ingestion : Rinse mouth thoroughly, drink plenty of water, DO NOT induce vomiting. Get medical attention immediately.

Skin Contact : Rinse with water. Get medical attention if any discomfort continues. Remove all contaminated clothes unless stuck to skin. EYE

Eye Contact : Promptly wash eyes with plenty of water while lifting the eye lids. Get medical attention if any discomfort continues.

SECTION 5: Firefighting measures

5.1. Extinguishing media

This product is not flammable. Fire extinguishing media should be selected according to the nature of surrounding materials.

5.2. Special hazards arising from the substance or mixture

Hyflex

Safety Data Sheet

According to Regulation (EC) No. 453/2010
No Information Available

5.3. Advice for firefighters

Stay up-wind to avoid breathing fumes or vapors. Keep run-off water out of sewers and watercourses. If there is risk of water pollution, notify appropriate authorities. Use self-contained breathing apparatus, gloves and protective goggles. Use full protective clothing appropriate for surrounding materials.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

6.1.1. For non-emergency personnel

For small spills wash away with water. For large spills, sweep, contain and re-use.

6.1.2. For emergency responders

Personal Precautions : Spillage may be slippery. Do not allow spilled materials to enter rivers or waterways. Absorb using Spill Hound if available – sand or earth if not.

6.2. Environmental precautions

No Information Available

6.3. Methods and material for containment and cleaning up

No Information Available

SECTION 7: Handling and storage

7.1. Precautions for safe handling

7.2. Conditions for safe storage, including any incompatibilities

Eye protection should be considered where there is a risk of splashing. Rubber gloves and barrier cream are recommended when using and chemical. Eye protection should be considered where there is a risk of splashing. Rubber gloves and barrier cream are recommended when using any chemical.

7.3. Specific end use(s)

Special rules on packaging : Keep only in original container. Store in tightly closed original container in a dry, cool and well-ventilated place.

No additional information available

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

| | | |
|----------------------|---|--|
| Protective Equipment | : | Wear gloves, |
| Hand Protection | : | For prolonged or repeated skin contact use suitable protective gloves |
| Eye Protection | : | Eye protection should be considered where there is a risk of splashing. Rubber gloves and barrier cream are recommended when using any chemical. |

8.2. Exposure controls

Protective Equipment

Appropriate engineering controls

No specific ventilation requirements. If this product is used in such a way as to generate spray mist, additional ventilation may be required.

Eye/face protection

Eyewear complying with an approved standard should be worn if a risk assessment indicates eye contact is possible. The following protection should be worn: Face shield and chemical splash goggles conforming to ANSI Z87.1.

Hand protection

Protection against this substance requires special consideration. Use protective gloves, complying with an approved standard (EN374), made of the following material: PVC or Nitrile.

The most suitable glove must be chosen in consultation with the gloves supplier, who can inform about the breakthrough time of the glove material. Frequent change is advisable.

Safety Data Sheet

According to Regulation (EC) No. 453/2010

Other skin and body protection

Wear appropriate protective clothing to prevent any possibility of skin contact. Provide eyewash station.

Hygiene measures

Provide eye wash station and suitable hand cleaning/hand care facilities. When using do not eat, drink or smoke. Wash hands at the end of each work shift and before eating, smoking and using the toilet. Wash promptly if skin becomes contaminated.

Respiratory protection

Respiratory protection may be required if the usage method generates excessive levels of mist/dust. If necessary, wear a mask fitted with a cartridge P2/P3 suitable for mist/dust.

8.2. Exposure controls**SECTION 9: Physical and chemical properties****9.1. Information on basic physical and chemical properties**

| | |
|--|---------------------------------|
| Appearance | : Clear, Viscous, Liquid, White |
| Odour | : Characteristic |
| Odour threshold | : No data available |
| pH (Concentrate), pH (10%) | : 85 |
| Relative evaporation rate (butylacetate=1) | : No data available |
| Melting point | : No data available |
| Freezing point | : No data available |
| Boiling point | : No data available |
| Flash point | : No data available |
| Auto-ignition temperature | : No data available |
| Decomposition temperature | : No data available |
| Flammability (solid, gas) | : No data available |
| Vapour pressure | : No data available |
| Relative vapour density (air = 1) | : No data available |
| Relative density at 20 °C | : 1.030 |
| Solubility | : No data available |
| Log Pow | : No data available |
| Viscosity, kinematic | : No data available |
| Viscosity, dynamic | : No data available |
| Explosive properties | : No data available |
| Oxidizing properties | : No data available |
| Explosive limits | : No data available |

9.2. Other information

No additional information available

SECTION 10: Stability and reactivity**10.1. Reactivity**

No additional Information Available

10.2. Chemical stability

Stable under normal temperature conditions. Avoid Freezing Mixture

10.3. Possibility of hazardous reactions

No additional Information Available

10.4. Conditions to avoid

No additional Information Available

10.5. Incompatible materials

No additional information available

10.6. Hazardous decomposition products

Product does not decompose under normal conditions.

Safety Data Sheet

According to Regulation (EC) No. 453/2010

SECTION 11: Toxicological information**11.1. Information on toxicological effects**

| | |
|--------------|---|
| Inhalation | Mist may irritate the respiratory tract |
| Skin Contact | May irritate with prolonged contact |

SECTION 12: Ecological information**12.1. Toxicity**

Negligible ecotoxicity; fully biodegradable

12.2. Persistence and degradability

No additional information available

12.3. Bio accumulative potential

No additional information available

12.4. Mobility in soil

The product is soluble in water.

12.5. Results of PBT and vPvB assessment

This product does not contain any substances classified as PBT or vPvB.

12.6. Other adverse effects

No additional information available

SECTION 13: Disposal considerations**13.1. Waste treatment methods****Disposal methods**

Packaging should be reused, recycled or laundered via a licensed operator wherever possible.

SECTION 14: Transport information

In accordance with ADR / RID / IMDG / IATA / ADN

14.1. UN number

3264

14.2. UN proper shipping name

8

14.3. Transport hazard class(es) / labels

Not Classified

14.4. Packing group

Not Classified

14.5. Environmental hazards

Other information : No supplementary information available

14.6. Special precautions for user

No additional information available

14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBCCode

Not applicable

SECTION 15: Regulatory information**15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture****15.1.1. EU-Regulations**

Risk Phrases

R34: Causes Burns

EC Regulations

S26: In case of contact with eyes rinse immediately with water and seek medical advice S36/37/39: wear suitable PPE including gloves and face / eye protection S45: In case of accident or if you feel

Safety Data Sheet

According to Regulation (EC) No. 453/2010

| | |
|---------------------------|---|
| Statutory Instruments | unwell seek immediate medical advice. S25: Avoid contact with eyes |
| Approved code of Practice | Chemicals (Hazard Information and Packaging) Regulations. Classification and labeling of substances preparations dangerous for supply. |

15.1.2. National regulations

Commission Decision 2000/532/EC as amended by Decision 2001/118/EC establishing a list of wastes and hazardous waste pursuant to Council Directive 75/442/EEC on waste and Directive 91/689/EEC on hazardous waste with amendments

15.2. Chemical safety assessment

No additional information available

SECTION 16: Other information

Read the product label and follow instructions carefully. This product should only be used on the surfaces described on the product

Risk Phrases in full

R38 Irritating to skin. R41 Risk of serious damage to eyes. | R36 Irritating to eyes. |

Do not use or rinse this product in such a way as to generate excessive product mist, as this can cause unnecessary inhalation hazard.

Risk Phrases in full : R22 Harmful if swallowed
R34 Causes Burns
R36 Irritating to eyes
R41 Risk of serious damage to eyes
R43 May cause sensitization by skin contact
R50 Very toxic to aquatic organisms
R51/53 Toxic to aquatic organisms, may cause long term effects in the aquatic environment

Microbial Classification All the bacteria in this preparation belong to Group 1 as defined in Council Directive 90/679/EEC as amended by Council Directive 93/88/EEC and Council derivative 2000/54/EC

Biodegradability The surfactants contained in this preparation complies with the biodegradability criteria as laid down in Regulation (EC) No. 648/2004 and 907/2006 on detergents. Data to support this assertion are held at the disposal of the competent authorities of the Member States and will be available to them, at their direct request or at the request of a detergent manufacturer.

When using this product, ensure that other unprotected personnel, or members of the public, are not exposed. Where necessary, unprotected persons should be excluded from any area where the product is being used.

All users should have access to, and be familiar with the contents of, this data sheet.

If this product is decanted into other containers, ensure that they are suitable, clean and correctly labelled.

Product spills may be very slippery - ensure that spillages are cleaned up immediately and that adequate warnings are given to other personnel.
